

North Texas SHRM Receives Award for Elevating Human Resources, Improving Workplaces

Denton, Texas, July 11, 2021 — SHRM (the Society for Human Resource Management) recently awarded North Texas Society of Human Resources Managers its prestigious EXCEL Platinum Award for the Chapter’s accomplishments in 2020.

The EXCEL award is given to SHRM state councils and chapters to recognize major accomplishments, strategic activities, and tactical initiatives that elevate the HR profession.

“So much of SHRM’s positive impact on our workplaces can be traced back to the dedication of our chapters and state councils like North Texas SHRM. I’ve seen firsthand how these leaders drive meaningful changes to build workplaces where employers and employees can thrive together,” said Johnny C. Taylor, Jr., SHRM-SCP, President and Chief Executive Officer of SHRM. “The PLATINUM EXCEL Award not only honors North Texas SHRM’s accomplishments in 2020, but it’s also a testament to the hard work it took to get there.”

The EXCEL Award can be earned at four levels: bronze, silver, gold and platinum. Each level has a prescribed set of requirements and accomplishments that must be met. North Texas SHRM will receive recognition in SHRM publications and at conferences, a logo to display on its website, and information to share with its members about the significance of this award.

North Texas SHRM was recognized for our accomplishments in four areas:

1. Promoting dual membership in our local Chapter and in the National SHRM chapter so our members stay informed and up to date on issues that affect the workplace.
2. Offer an Annual Conference to our members and the greater HR community throughout North Texas providing them with current, relevant information that helps them be better leaders at work and in the community.
3. Host a Legal Symposium, which is a full day conference in which employment law topics are discussed, so HR leaders are aware of current employment law and best employment practices which will help protect employers from avoidable employment litigation.
4. Partner with our local colleges, TWU and UNT, and their student HR Chapters. In 2020, we also collaborated with TWU marketing students to conduct research and prepare a marketing plan for the chapter as a class project.
